

I AM A HEALER.

CHARLES W. YOWELL, M.D., UROLOGIC SURGEON

Dr. Charles Yowell always wanted to be a physician, just like his father. Today, he's a board-certified urologic surgeon and a member of Baptist Medical Group, a multispecialty physician practice that's part of Baptist Health Care. For nine years, Dr. Yowell has treated all kinds of urologic conditions - from incontinence to prostate cancer - specializing in minimally invasive surgery, including robot-assisted procedures. He treats his patients with the same care and attention he would give his own family and finds joy in helping them live life to the fullest.

To schedule an appointment with Dr. Yowell, call 850.437.8711 or visit BaptistCancerInstitute.org to learn more about our comprehensive, accessible cancer program.
