*Accredited by the American College of Surgeons Commission on Cancer as a Comprehensive Community Cancer Program.*

## OUR COMMITMENT TO CANCER CARE

A "Comprehensive Cancer Program" is more than equipment and technology. It is a program that encompasses every aspect of cancer care. The Baptist Cancer Institute focuses on each of these areas to make sure all needs of the cancer patient are met.

Our cancer care is provided by experienced, caring staff using state-of-the-art technology and includes patient education, support services, and research.

Moffitt Cancer Center has been designated by the National Cancer Institute (NCI) as a Comprehensive Cancer Center. As part of the Moffitt Affiliate network, our patients receive the benefit of local care with national expertise.

## SERVICES PROVIDED

- Outpatient Chemotherapy

## OUR TEAM OF STAFF PHYSICIANS

### Oncology/Hematology - 850.469.7975

#### Carletta M. Collins, MD

Dr. Collins graduated from the University of Alabama School of Medicine and completed her residency and Fellowship at Vanderbilt University Medical Center, Nashville, TN. She will join our team in Summer 2010.

#### German Herrera, MD

Dr. Herrera has more than 14 years experience treating and caring for patients in this community. He completed his residency at Tulane University in New Orleans, LA, followed by a fellowship at Baylor College of Medicine in Houston, TX.

#### David E. Mann, MD

Dr. Mann has 18 years experience and has been practicing in this community for the last 10 years. He completed his internship at The York Hospital, York, PA and was a Fellow at the University of Florida Shands, Gainesville, FL.

### Radiation Oncology - 850.469.2200

#### Henry Amos, MD, FACR

Dr. Amos is a graduate of Louisiana State University School of Medicine and a Fellow of the American College of Radiology, an honor given to only 10 percent of all radiation oncologists. He has been listed three times in various prestigious publications as being among "The Best Doctors in America."

#### Thomas J. Patton, Jr., MD, MPH

Dr. Patton completed his internship and residency and at Baylor College of Medicine, Houston, TX, and completed clinical rotations at M.D. Anderson Hospital, also in Houston. He will join our team in Summer 2010.

### Urology/Urologic Surgery - 850.437.8711

#### Beth Cruitt, MD

A graduate of University of Alabama-Birmingham, Dr. Cruitt completed her residency at Louisiana State University, Shreveport, LA. She will join our team in Spring 2010.

#### Charles Yowell, MD

Dr. Yowell treats prostate, kidney and bladder cancers as well as provides general urologic services. He completed his internship and residency in General Surgery and Urology at Duke University Medical Center, Durham, NC.

#### Brian R. Evans, MD

Dr. Evans uses robotics and laparoscopic technology for minimally invasive surgeries. He completed his internship and residency at Duke University Medical Center, Durham, NC, in General Surgery and Urology.

## THE BAPTIST CANCER INSTITUTE

850.469.2224

### Diagnosis

- PET/CT scanning
- Magnetic Resonance Imaging
- Mammography
- Ultrasonography
- Bronchoscopy
- Endoscopy/Colonoscopy
- Radiographic Contrast Studies
- Nuclear Scanning for bone and thyroid cancer
- Image Guided Biopsy

850.434.4763

### Treatment

The Baptist Medical Group Oncology Team is committed to working with patients and physicians in developing a quality treatment plan. Our experienced, dedicated team consists of Pathologists, Radiologists, General and Specialty Surgeons, Interventional Radiologists, Gynecologic Oncologist, Medical Oncologists and Radiation Oncologists. 850.469.7975

### Surgical Services

We offer a comprehensive range of cancer surgery treatment using the latest technology and innovative techniques. The community's first robotic surgery system—*da Vinci HD® Surgical System*, performs minimally invasive robotic-assisted surgeries to treat prostate, gynecological and colon cancers. 850.434.4080

### Patient Advocate/ Cancer Support Program

The advocate program is designed to assist patients and their families as they navigate through the cancer recovery process. Patient education classes and support groups are provided weekly. 850.469.2224

### Outpatient Infusion Service

This department provides chemotherapy and medical infusion services performed by chemotherapy certified RNs with a clinical pharmacist on site. Patient comfort is our priority. 850.469.2455

### Radiation Oncology

Services are offered at the Kugelman Cancer Center in Baptist Hospital and the Ciano Cancer Center at Gulf Breeze Hospital. Radiation Oncology procedures available include: Intensity Modulated Radiation Therapy (IMRT), Image Guided Radiation Therapy (IGRT), Brachytherapy, Radio-pharmaceuticals, and Stereotactic Radiosurgery. 850.469.2200

### Inpatient Care

Our dedicated oncology unit has been recognized for its experienced, caring nurses who administer the highest quality of oncology and medical care. The unit also has a designated nutritionist, respiratory therapist, physical therapist, social worker, case manager and chaplain. 850.469.4775

### Cancer Research Program

As an affiliate of the Moffitt Cancer Center patients are connected with an extensive program. The Baptist Cancer Institute research program has participated in more than 100 clinical studies over the last 18 years. 850.469.2227

### Survivorship Services

Survivorship requires celebration and continued education. Our cancer survivorship program is available for patients and their families for continuing care. "Surviving in Style" is the motto for The Baptist Boutique which provides support and custom fittings of prosthetics and apparel after having breast altering surgery. 850.469.7028

### Cancer Registry

Certified Cancer Tumor Registrars manage cancer related data for patients at Baptist and Gulf Breeze Hospitals. The registry monitors the quality of treatment plans and follow-up care of our program in comparison to state and national data. 850.469.2221
