Dear Ms. Hartnett,

We want to extend a heart-felt thank you for your commitment to Pensacola Young Professionals for the coming year. We know that your money could go back into your business or to a number of other local organizations, and we are sincerely grateful for your sponsorship and honored that you chose to support Pensacola Young Professionals.

Your generous contribution will allow us to remain active in our community and to continue to run the many initiatives and programs that help us make the Pensacola Bay Area a Better Place to Live, Work and Play. Those dollars ensure that programs like the Pensacola Professional Development Institute and Internship Pensacola continue.

As we continue to identify and implement new ways to fulfill our mission, please know that partnerships with our sponsors are vital to the success of our organization. You are truly appreciated. Thank you again.

Sincerely,
