

Strategic Health Intelligence™ Summit

March 05, 2010

Ms. Sherry Hartnett
Vice President, Strategic Marketing
Baptist Health Care
P.O. Box 17500
Pensacola, Florida 32501-7500

Dear Ms. Hartnett:

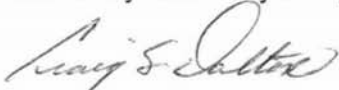

On behalf of the Strategic Health Intelligence Planning Committee, I would like to thank you for participating as a sponsor at our Strategic Health Intelligence Summit in 2009. We are very grateful for our partnership and the success of the Summit. Without question, your financial help and guidance made it possible to bring many varying organizations together to conduct high level discussions on the future of healthcare in America.

The Strategic Health Intelligence Summit is a national collaborative group working together for the achievement of national medical information interoperability. The Summit brings together thought leaders from the healthcare, information technology, policy and network security and insurance industries to discuss and find real-world solutions as we collectively strive for the same goal.

We have started the planning process for the 2010 Summit and will keep you updated as information is available. We are looking forward to another year of partnership and a successful event. As we have done in years past, we try very hard to ensure your potential sponsorship will get maximum exposure for this event and feel this is a tremendous opportunity to continue to demonstrate your solutions and support efforts to a targeted audience (consisting of Department of Defense, Federal and State agencies, as well as private hospital executives).

Once again, thank you for your partnership and continued support of our efforts through Strategic Health Intelligence. We look forward to working with you at this year's Strategic Health Intelligence Summit 2010.

Sincerely and Very Respectfully,

Craig Dalton
Vice President, Armed Services
Pensacola Bay Area Chamber of Commerce
