Mrs. Susan Sheets
Community Health & Wellness Manager
1000 West Moreno Street
Pensacola, FL 32501

Dear Susan,

I want to express to you my heartfelt appreciation for **Baptist Health Care's \$1,000 sponsorship** of the 7th annual Pensacola Open – the 3rd largest wheelchair tennis tournament in the US. In every area, over all 5 days, we had a huge success! We had 98 players from 16 countries!

For two years in a row now, you have been a significant part of our success. And it simply would not be the great tournament that it is without you. **Baptist Health Care's** name/logo looked great on all our tournament shirts, programs and website.

These players certainly demonstrate what quality healthcare can achieve, so the partnership of the Pensacola Open with Baptist Health Care/Andrews Institute is perfect!! I wish you could've seen these awesome athletes in action. You can't believe the skill level and how fast these guys move...how hard they hit the ball!

I've never worked so hard for zero money in my life, but can you believe I'm already looking forward to next year. We are still learning ways to make it even smoother, better and bigger!

Susan, from all of us...the players, committee members, volunteers, Tour officials, City of Pensacola officials, and fans we give you a huge "**Thank You**".

Sincerely,

David Mayo
Tournament Chairman
