

Digital Mammography

Baptist offers same day screenings at four convenient locations:

Baptist Hospital

Gulf Breeze Hospital

Baptist Medical Park – Nine Mile

Baptist Medical Park – Navarre

QUALITY I EXPECT. CARE I TRUST.

I am a mother, a tennis player and a breast cancer survivor. Baptist Health Care located my breast cancer when it was still too small to feel and now I'm cancer-free. As a regional leader in technology that improves lives, Baptist Health Care offers women the latest in digital mammography for unparalleled high-quality images and reliable results – Hologic Selenia Dimensions. While this means faster, higher-quality mammograms, it also means peace of mind.

Accredited by the American College of Radiology
