

**Gretchen Patti**  
Heart Disease Survivor

### The Region's Choice for Heart Care

Baptist has always been known for the highest quality, patient centered care and outreach in our communities. Now Baptist's nationally recognized heart and vascular team is even stronger because we're working in partnership with the physicians of Cardiology Consultants, the region's largest, most experienced team in cardiovascular care. Together we offer the latest in cardiovascular technology, award-winning quality and unparalleled care.

## BAPTIST SAVED MY LIFE.

My world was flipped upside down when complaints of indigestion led to finding three major blockages in my heart and later, triple bypass surgery. My life as I knew it changed. Afterwards, cardiac rehabilitation was the best thing I could have done. Not only did I grow to enjoy exercise, I learned so much about my health. The entire staff cared about me. Today I feel better than ever and have control over my health. For more on Gretchen's story, visit [www.eBaptistHealthCare.org/Heart](http://www.eBaptistHealthCare.org/Heart).

Cardiology Consultants physicians are available at all Baptist Health Care locations. Call **850.484.6500** or visit [eBaptistHealthCare.org/Heart](http://eBaptistHealthCare.org/Heart) to make a doctor appointment. Ask for us by name.
